

SSC GD Constable Exam. – 2023 Practice Set

Answers with Explanation

Part-A : General Intelligence & Reasoning

1. (c) $M = 13 - 4 = 9$
 $E = 5 - 4 = 1$
 $K = 11 - 4 = 7$
 $L = 12 - 4 = 8$
 $F = 6 - 4 = 2$
 $L = 12 - 4 = 8$
 $J = 10 - 4 = 6$
 $K = 11 - 4 = 7$
 Similarly,
 $I \Rightarrow 9 - 4 = 5$
 $G \Rightarrow 7 - 4 = 3$
 $H \Rightarrow 8 - 4 = 4$
 $E \Rightarrow 5 - 4 = 1$
 $D \Rightarrow 4 - 4 = 0$

শ্রুতিভঙ্গ

শ্রুতিভঙ্গ

Similarly,

3. (c) There is no 'K' letter in the given word.
 There is no 'R' letter in the given word.
 There are no G, H and Y letters in the given word.
4. (b) There is no 'N' letter in the given word.
 Therefore, the word ARAMANA cannot be formed.

শ্রুতিভঙ্গ

D H A R **A M S A L A** ⇒ M A S A L A
 D H **A R A M** S A L A ⇒ R A M A

D **H A R A** M **S A** L A ⇒ S A H A R A

5. (b) All men (without exception) are mortal. And, Ramu is a man.
 Therefore, Ramu is mortal.
6. (b) First Premise is Particular Affirmative (I-type).
 Second Premise is Universal Affirmative (A-type).
 Some phones are watches.
 All watches are guns.
 $I + A \Rightarrow$ I-type of Conclusion "Some phones are guns".
 Conclusion II is Converse of this Conclusion.

শ্রুতিভঙ্গ

7. (b) Sparrow
 Parrot Pigeon Crow
 Crane

8. (b) First column
 $9 \times 6 \times 5 = 270$
 Second column
 $8 \times 7 \times 4 = 224$
 Third column
 $8 \times 7 \times ? = 336$
 $\therefore ? = \frac{336}{56} = 6$

শ্রুতিভঙ্গ

9. (d) Subtract the upper number from the sum of the second and the third number to get the lowest number in each column.
 $49 + 98 - 7 = 147 - 7 = 140$
 $441 + 882 - 21 = 1323 - 21 = 1302$
 $225 + 450 - 15 = 675 - 15 = 660$
10. (b) Age of Govind = 48 years
 Age of Govind's son at present = $48/2 = 24$ years
 7 years ago the age of Govind's son was = $24 - 7 = 17$ years

শ্রুতিভঙ্গ

11. (c) Option (a)
 $16 \div 12 + 8 - 13 \times 15$
 $\Rightarrow \frac{16}{12} + 8 - 195$
 $\Rightarrow \frac{4}{3} + 8 - 195$
 $\Rightarrow \frac{4 + 24 - 585}{3} = \frac{-557}{3} \neq 22$

প্র্যাচিভর্ন

Option (b)
 $16 - 12 \times 8 \div 13 - 15$
 $\Rightarrow 16 - \frac{12 \times 8}{13} - 15$
 $\Rightarrow 16 - \frac{196}{13} - 15$
 $\Rightarrow \frac{208 - 96 - 585}{13} \neq 22$

প্র্যাচিভর্ন

Option (c)
 $16 \times 12 \div 8 + 13 - 15$
 $\Rightarrow \frac{16 \times 12}{8} + 13 - 15$
 $\Rightarrow 24 + 13 - 15 = 22$

12. (c)

A =	$\begin{array}{c} \times 7 \\ \downarrow \quad \downarrow \\ 3 \quad (21) \quad 247 \\ \downarrow \quad \downarrow \quad \downarrow \\ +2 \quad +14 \quad +160 \\ \downarrow \quad \downarrow \quad \downarrow \\ \times 7 \\ \downarrow \quad \downarrow \\ 5 \quad (35) \quad 407 \\ \downarrow \quad \downarrow \quad \downarrow \\ +2 \quad +14 \quad +160 \\ \downarrow \quad \downarrow \quad \downarrow \\ \times 7 \\ \downarrow \quad \downarrow \\ 7 \quad (49) \quad 567 \end{array}$
-----	--

13. (c) Number of heads = B + D = 7 ... (i)
 Number of legs = 2B + 4D = 20
 or B + 2D = 10 ... (ii)
 From statements (i) and (ii)
 B = 4 and D = 3

প্র্যাচিভর্ন

14. (a) Two couples → 4 Persons
 Bachelor + Widower + Two Divorcees = 4 persons

4 children.
 Therefore, 12 persons went to the picnic.
 15. (d) First of all destination is fixed and availability of berth is enquired. Then reservation is done after making payment and travelling starts.

- (B) Destination
 ↓
 (E) Availability of berth/seat for reservation
 ↓
 (C) Payment
 ↓
 (D) Reservation
 ↓
 (A) Travel

16. (c) Chronological order of Presidents of India :
 b. Rajendra Prasad (1950–1962)
 ↓
 a. S Radhakrishnan (1962–1967)
 ↓
 d. V V Giri (1969–1974)
 ↓
 c. Giani Zail Singh (1982–1987)
 ↓
 e. APJ Abdul Kalam (2002–2007)

17. (b) Arrangement of words as per dictionary:
 c. Immerse
 ↓
 a. Immigrate
 ↓
 d. Immolate
 ↓
 e. Immortal
 ↓
 b. Immunity

প্র্যাচিভর্ন

18. (a) One, two, five and six dot(s) are on the faces adjacent to the face having three dots. Therefore, there should be four dots on the face opposite to face having three dots.
 Two, three, four or five dots cannot be on the face opposite to face having six dots. Therefore, one dot lies opposite the face having six dots.

19. (b) When folded in the form of a cube, then 'F' appears opposite 'B'; 'E' appears opposite 'C' and 'A' appears opposite 'D'.
 In option (a) 'F' is adjacent to 'B'.
 In option (c) 'E' is adjacent to 'C'.
 In option (d) 'D' is adjacent to 'A'.

20. (d) Biology comes under the class science. But, Mathematics is different from the both. Thus,

শ্রেণিভিত্তিক

Part-B : General Knowledge & General Awareness

21. (d) The Sanskrit language, once ignored under the Buddhist and Jain influence, was patronised during the Gupta period. It was recognised as the court language and was used in their inscriptions. Gradually it became the lingua franca of India. Some of the wellknown scholars who flourished during this period were: Kalidasa, Vishakhadutta, Shudraka, Bharavi, Dandin, Subandhu, etc.
22. (c) Alaska is the largest state in the United States by area. Alaska was purchased from Russia on March 30, 1867, for \$7.2 million. The land went through several administrative changes before becoming an organized (or incorporated) territory on May 11, 1912, and the 49th state of the U.S. on January 3, 1959. শ্রেণিভিত্তিক
The name “Alaska” was already introduced in the Russian colonial period, when it was used only for the peninsula and is derived from the Aleut ‘alaxsxaq,’ meaning “the mainland” or, more literally, “the object towards which the action of the sea is directed”.
23. (d) Allauddin Khan was a Bengali sarodiya and multiinstrumentalist, composer and one of the most renowned music teachers of the 20th century in Indian classical music. Hema Malini is an Indian actress, director and producer, Bharatanatyam dancerchoreographer, as well as a politician. Brijmohan Mishra popularly known as Pandit Birju Maharaj is currently the leading exponent of the Lucknow KalkaBindadin gharana of Kathak dance in India. Pandit Shivkumar Sharma is an Indian Santoor player. The Santoor is a folk instrument from Kashmir and Jammu. শ্রেণিভিত্তিক
24. (a) The Asian Development Bank (ADB) and Renewable Energy Company, SAEL Industries Limited, signed a loan agreement of up to Rs 754 Crore (around USD 91.14 million) to promote the generation of biomass energy using agricultural residue, helping diversify India’s energy mix and reduce carbon intensity.

i. The ADB’s fund will be used by SAEL for the construction of five 14.9-megawatt biomass power plants in the districts of Bikaner, Churu, Hanumangarh, Jhunjhunu, and Sikar in the state of Rajasthan. ii. Around Rs 150 crore will be provided for each power plant to subsidiaries of SAEL Industries: Chattargarh Renewable Energy Private Limited, KTA Power Private Limited, Sardarshahar Agri Energy Private Limited, TNA Renewable Energy Private Limited, and VCA Power Private Limited.

25. (a) Ludwig van Beethoven was a German composer and pianist. A crucial figure in the transition between the Classical and Romantic eras in Western art music, he remains one of the most famous and influential of all composers. Around 1796, by the age of 26, Beethoven began to lose his hearing. He suffered from a severe form of tinnitus, a “ringing” in his ears that made it hard for him to hear music; he also avoided conversation. The cause of Beethoven’s deafness is unknown, but it has variously been attributed to typhus, auto-immune disorders (such as systemic lupus erythematosus), and even his habit of immersing his head in cold water to stay awake.
26. (c) A government is the system by which a state or community is governed. It is the means by which state policy is enforced, as well as the mechanism for determining the policy of the state. A form of Government refers to the set of political systems and institutions that make up the organisation of a specific government.
27. (b) Normally, the Speaker does not take part in voting in the House. But in case of a tie, he exercises his right of casting vote. His casting vote would decide the issue. In such a case his vote would normally go in favour of the party to which he belongs. Further, when a resolution for the removal of the Speaker is put to vote in the House, he has the right to cast his vote. শ্রেণিভিত্তিক
28. (c) Thiruvananthapuram, Kerala Explanation: FRINJEX-23, The first edition of the Joint Military Exercise between the Indian and French Army was conducted at Pangode Military Station in Thiruvananthapuram, Kerala on March 7-8, 2023.
- The exercise intends to improve the interoperability, coordination and cooperation between both forces at the tactical level.

- The theme for the exercise is “Humanitarian Assistance and Disaster Relief Operations in a Contested Environment”. i. For the first time, both the Indian and French Army engaged in the exercise with each contingent comprising a Company Group. ii. The largest ever contingent was fielded by Thiruvananthapuram based Indian Army troops and FRENCH 6th Light Armoured Brigade.
29. (a) No money bill can be introduced in the Lok Sabha without the prior approval of the president. The money bill originates only in the Lok Sabha.
Note : The Aadhaar Act 2016 was the last bill passed as Money Bill. প্র্যাচিভর্স
30. (c) By merging the two erstwhile wage employment programme-National Rural Employment programme (NREP) and Rural Landless Employment Guarantee Programme (RLEGP) the Jawahar Rozgar Yojana (JRY) was started with effect from April, 1, 1989 on 80:20 cost sharing basis between the centre and the States. The main objective of the Yojana was additional gainful employment for the unemployed and under-employed persons in rural areas. The other objective was the creation of sustained employment by strengthening rural economic infrastructure and assets in favour of rural poor for their direct and continuing benefits.
31. (a) Gross value added at factor cost (formerly GDP at factor cost) is derived as the sum of the value added in the agriculture, industry and services sectors. If the value added of these sectors is calculated at purchaser values, gross value added at factor cost is derived by subtracting net product taxes from GDP. GDP at Factor Cost is called Real GDP. This is because it takes into account various other factors which give a clearer picture of the GDP. প্র্যাচিভর্স
32. (d) As per the new UNICEF (United Nations Children’s Fund) report titled “Undernourished and Overlooked: A Global Nutrition Crisis in Adolescent Girls and Women” released on 7th March 2023, the number of acutely malnourished pregnant and breastfeeding women to be increased by 25% between 2020 (5.5 million) and 2022 (6.9 million) in 12 countries that are affected by the current food and nutrition crisis. • The 12 countries are –
- Afghanistan, Burkina Faso, Ethiopia, Kenya, Mali, Niger, Nigeria, Somalia, Sudan, South Sudan, Chad and Yemen. i. The report was launched ahead of International Women’s Day 2023 (8th March 2023). ii. The report estimates that more than 1 billion adolescent girls and women worldwide suffer from undernutrition including underweight and short height, micronutrient deficiencies, and anaemia.
33. (c) The Reserve Bank of India has the sole right to issue bank notes of all denominations. The distribution of one rupee notes and coins and small coins all over the country is undertaken by the Reserve Bank as agent of the Government. The system as it exists today is known as the minimum reserve system.
34. (d) The tesla (symbol T) is the SI derived unit used to measure magnetic fields. Tesla can be measured in different ways; for example, one tesla is equal to one Weber per square meter. The tesla was first defined in 1960 by the General Conference on Weights and Measures (CGPM). It was named in honor of the physicist, electrical engineer, and inventor, Nikola Tesla. প্র্যাচিভর্স
35. (b) Parsec is a unit of distance used in astronomy to measure large distances to objects outside our Solar System. It is equal to about 3.26 light years (3.086×10^{13} kilometres). One parsec is the distance at which one astronomical unit subtends an angle of one arcsecond.
36. (d) Sheikh Mohammed bin Abdulrahman Al Thani was sworn in as the prime minister (PM) of Qatar at the Amiri Diwan of the State of Qatar, in Doha, Qatar in the presence of Sheikh Tamim bin Hamad Al Thani, Emir of Qatar. i. He succeeds Sheikh Khalid bin Khalifa bin Abdul Aziz Al Thani, who has served as the PM and interior minister of Qatar since 2020. ii. Sheikh Khalifa bin Hamad bin Khalifa Al Thani replaced him as interior minister of Qatar.
37. (d) An amplifier is an electronic device that increases the voltage, current, or power of a signal. Generally transistors are active devices that can be used with discrete components to amplify voltage, power or both depending upon the configuration. প্র্যাচিভর্স
38. (d) India has the fifth-highest number of female billionaires in the world, according to a new

International Women's Day study report from City Index 2023, which was based on the analysis of Forbes' live billionaire tracker (March 2023). অ্যাচিভার্স

- India is tied for 5th position with Australia and Hong Kong, with each country having 9 female billionaires.

- Savitri Jindal, an Indian politician and businesswoman, is the richest woman in India with a family fortune of USD 16.96 billion.

i. The US leads the list with a total of 92 female billionaires, which is double the amount of China, which comes in second with 46. The US dominates the list, accounting for 80% of the female billionaires with the highest net worth.

- Germany ranks 3rd with 32 female billionaires, led by German automobile heiress Susanne Klatten (USD 27.58 billion). Italy, which ranks 4th on the list, has 16 female billionaires. অ্যাচিভার্স

ii. Françoise Bettencourt Meyers, a native of France and Vice Chairperson of L'Oréal, tops the list of richest women in the world with a net worth of USD 81.49 billion.

39. (a) The World Health Organization (WHO) Global Report on Sodium Intake Reduction states that nations must make "massive efforts" to get people to consume less salt, which can lower their risk of developing cancer, heart disease, and stroke.

i. The WHO remarked in its first-of-its-kind global report on sodium intake reduction that the world is falling short of its global target of reducing sodium intake by 30% by 2025.

ii. For the first time, a Sodium Country Score is assigned to each Member State based on the level of implementation of sodium reduction policies and other measures, ranging from 1 (the lowest level) to 4 (the highest level).

- As per the report, India's Sodium intake is about 9.8 g salt/day and its Sodium Country Score was 2.

- According to the report, just 5% of WHO Member States are protected by mandatory and comprehensive sodium reduction policies, and 73% including India lack full implementation of such policies. অ্যাচিভার্স

40. (d) Anthracite has the lowest proportion of volatile matter. Volatile matter in coal refers to the

components of coal, except for moisture, which are liberated at high temperature in the absence of air. This is usually a mixture of short and long chain hydrocarbons, aromatic hydrocarbons and some sulfur. The volatile matter of coal is determined under rigidly controlled standards.

Part-C : Elementary Mathematics

41. (b) $A + B = 3(B + C)$ অ্যাচিভার্স

$$A + B + C = A + 3C$$

$$B = 5C$$

$$\therefore A + B = 3(B + C)$$

$$\Rightarrow A + 5C = 18C \Rightarrow A = 13C$$

$$\therefore A + B + C = A + 3C$$

$$13C + 5C + C = 13C + 30$$

$$\Rightarrow 6C = 30$$

$$\Rightarrow C = 5$$

$$\Rightarrow A = 13 \times 5 = ₹ 65$$

42. (d) $999 \frac{999}{1000} \times 7$

$$= \left(999 + \frac{999}{1000} \right) \times 7$$

$$= 6993 + \frac{6993}{1000}$$

$$= 6993 + 6 \frac{993}{1000}$$

$$= 6993 + 6 + \frac{993}{1000}$$

$$= 6999 \frac{993}{1000}$$

43. (c) $x = 0.\dot{3} + 0.\dot{6} + 0.\dot{7} + 0.\dot{8}$

$$= \frac{3}{7} + \frac{6}{7} + \frac{7}{9} + \frac{8}{9}$$

$$= \frac{3+6+7+8}{9} = \frac{24}{9} = \frac{8}{3} = 2\frac{2}{3}$$

44. (b) LCM of 4, 6, 10, 15 = 60

Least number of 6 digits = 100000

The least number of 6 digits which is exactly divisible by 60

$$= 100000 + (60 - 40)$$

$$= 100020$$

$$\therefore \text{Required number (N)}$$

$$= 100020 + 2 = 100022$$

অ্যাচিভার্স

Hence, the sum of digits = 1 + 0 + 0 + 0 + 2 + 2 = 5

45. (a) Required time = LCM of 48, 72 and 108 seconds
 \therefore LCM = $2 \times 2 \times 2 \times 2 \times 3 \times 3 \times 3 = 432$ seconds
 = 7 minutes 12 second
 \therefore Required time = 10 : 07 : 12 hours

46. (d)
$$\frac{2}{2 + \frac{2}{3 + \frac{2}{11}} \times 0.39}$$

$$= \frac{2}{2 + \frac{2}{3 + \frac{6}{11}} \times 0.39}$$

$$= \frac{2}{2 + \frac{2}{\frac{33+6}{11}} \times 0.39}$$

$$= \frac{2}{2 + \frac{11 \times 2}{39} \times 0.39}$$

$$= \frac{2}{2 + \frac{11 \times 2}{39} \times \frac{39}{100}}$$

$$= \frac{2}{2 + \frac{11}{50}} = \frac{2}{\frac{100+11}{50}}$$

$$= \frac{100}{111}$$

47. (c) Expression

$$= \frac{3(2-\sqrt{3}) - 2(2+\sqrt{3})}{(2+\sqrt{3})(2-\sqrt{3})}$$

$$= \frac{6 - 3\sqrt{3} - 4 - 2\sqrt{3}}{(2+\sqrt{3})(2-\sqrt{3})(2-5\sqrt{3})}$$

$$= \frac{2-5\sqrt{3}}{2-5\sqrt{3}} = 1$$

48. (c) Number of students in section A = x

\therefore Number of students in sections B and C = (100 - x)
 $\therefore x \times 70 + (100 - x) \times 87.5$
 = 84 × 100
 $\Rightarrow 70x + 87.5 \times 100 - 87.5x = 8400$
 $\Rightarrow 8750 - 17.5x = 8400$
 $\Rightarrow 17.5x = 8750 - 8400 = 350$
 $\Rightarrow x = \frac{350}{17.5} = 20$

49. (c) Male employees = x
 Female employees = y
 $\therefore (x + y) 12000 = x \times 15000 + y \times 8000$
 $\Rightarrow (x + y) \times 12 = 15x + 8y$
 $\Rightarrow 12x + 12y = 15x + 8y$
 $\Rightarrow 3x = 4y$
 $\Rightarrow \frac{x}{y} = \frac{4}{3} \Rightarrow x : y = 4 : 3$

50. (a) A's present age = 5x years
 B's present age = 6x years
 According to the question, After 7 years,
 $\frac{5x+7}{6x+7} = \frac{6}{7}$
 $\Rightarrow 36x + 42 = 35x + 49$
 $\Rightarrow 36x - 35x = 49 - 42$
 $\Rightarrow x = 7$
 A's present age = 5x = 35 years

51. (b) ABDE will be a trapezium
 AB = 4 units
 $DE = \frac{1}{2} AB = 2$ units
 FB = 1 unit, BD = 2 units.
 $\Rightarrow DF = \sqrt{2^2 - 1^2} = \sqrt{3}$ units
 \therefore Area of ABDE
 $= \frac{1}{2} (AB + DE) \times DF$
 $= \frac{1}{2} (4 + 2) \times \sqrt{3}$
 $= 3\sqrt{3}$ sq.units

52. (d) $\therefore 540 \equiv 360^\circ$

$$\therefore 105 \equiv \frac{360}{540} \times 105 = 70^\circ$$

Hence, the student obtained 105 marks in Hindi.

53. (b) Corresponding angle for science
 $= 360^\circ - (90^\circ + 65^\circ + 55^\circ + 70^\circ)$
 $= (360^\circ - 280^\circ) = 80^\circ$
54. (a) Difference of corresponding angles $= 90^\circ - 70^\circ = 20^\circ$
 $\therefore 360^\circ \equiv 540$
 $\therefore 20^\circ \equiv \frac{540}{360} \times 20 = 30$
55. (b) Corresponding angle for science $= 80^\circ$
 $\therefore 360^\circ \equiv 540$
 $\therefore 80^\circ \equiv \frac{540}{360} \times 80 = 120$
56. (c) Cost price
 $= \frac{791000 \times 100}{113} = ₹ 700000$
 $\therefore \text{Gain} = 791000 - 700000 = ₹ 91000$
57. (d) Total C.P. $= ₹ 32$
 Total S.P. $= ₹ (18 + 2) = ₹ 20$
 Loss $= ₹ (32 - 20) = ₹ 12$
 $\therefore \text{Loss per cent}$
 $= \frac{12}{32} \times 100 = 37.5\%$
58. (c) Let the marked price of the grinder be ₹ 100
 SP after a discount of 15% $= ₹ 85$
 SP to gain 15% $= \frac{85 \times 115}{100}$
 $= ₹ 97.75$
 If ₹ 97.75 is the SP, the marked price $= ₹ 100$
 \therefore If ₹ 1955 is the SP, the marked price
 $= \frac{100}{97.75} \times 1955 = ₹ 2000$
 Amount of discount received by the retailer = 15% of 2000
 $= \frac{2000 \times 15}{100} = ₹ 300$
59. (c) Remaining amount
 $= ₹ (50000 - (8000 + 24000))$
 $= ₹ 18000$
 Let ₹ 18000 be lent at the rate of r% p.a.
 According to the question,
 $\frac{8000 \times 11 \times 1}{2 \times 100} + \frac{24000 \times 6 \times 1}{100} + \frac{18000 \times r \times 1}{100} = 3680$
 $\Rightarrow 440 + 1440 + 180r = 3680$

$$\Rightarrow 1880 + 180r = 3680$$

$$\Rightarrow 180r = 3680 - 1880 = 1800$$

$$\Rightarrow r = \frac{1800}{180} = 10\%$$

60. (c) If the difference between compound interest and simple interest at the rate of r% per annum for 2 years be x, then

$$\text{Principal} = x \left(\frac{100}{r} \right)^2$$

$$= 28 \left(\frac{100}{10} \right)^2 = ₹ 2800$$

If the interest is compounded half yearly, then

$$r = \frac{10}{2} = 5\%$$

$$= \frac{2800 \times 5 \times 4}{100} = ₹ 560$$

Compound interest

$$= 2800 \left[\left(1 + \frac{5}{100} \right)^4 - 1 \right]$$

$$= 2800 [1.2155 - 1]$$

$$= 2800 \times 0.2155 = 603.41$$

$$\therefore \text{Difference} = (603.41 - 560) = ₹ 43.41$$

Part-D : English Language & Comprehension

61. (a) Abound (Verb) with/in
 something = to exist in great numbers or quantities.
62. (b) Check (Verb) = (examine something)
63. (b) Abide by something = to accept and act according to a law, an agreement etc.
64. (d) Near \Rightarrow a short distance away
65. (d) To error is human, to forgive divine = It is human nature to make mistakes and it is important to forgive people when they do.
66. (a) unlawful (Adjective) : illegal; not allowed by law
 illicit (Adjective) : not allowed by law;
 illegal disgraceful (Adjective) : very bad or unacceptable
 improper (Adjective) : inappropriate ; dishonest or morally wrong
 infamous (Adjective) : well-known for being bad or evil; notorious
67. (d) stubborn (Adjective) : obstinate; determined not to change your opinion or attitude
 obstinate (Adjective) : stubborn
 antagonistic (Adjective) : a person who strongly opposes; opponent
 abstruse (Adjective) : difficult to understand

- intrinsic (adjective) : belonging to or a part of real nature প্র্যাচিভর্ন
68. (c) hazardous (Adjective) : involving risk or danger
 dangerous (Adjective) : likely to injure or harm to damage or destroy somebody/ something
 safe (Adjective) : protected from any danger
 strong (Adjective) : having a lot of physical power to do hard physical work
 secure (Adjective) : feeling happy and confident about yourself or a particular situation; safe
69. (d) copy (Verb) : to write or make or behave in the same way as something else or somebody else; imitate
 mimic (Verb) : to copy, the way somebody speaks, moves, behaves etc. in order to make other people laugh; imitate
 tease (Verb) : to laugh at somebody and make jokes about him, either in a friendly way or in order to annoy or embarrass him
 refresh (Verb) : to make somebody feel less tired or less hot প্র্যাচিভর্ন
 greet (Verb) : to say hello to somebody or to welcome him
70. (a) store (Noun) : a large shop that sells many different types of goods; a shop (large or small)
 kiosk (Noun) : a small shop/store, open at the front, where newspapers, drinks, etc. are sold; stand; booth
 shop (Noun) : a building or part of a building where you can buy goods and services
 booth (Noun) : a small confined place where you can do something privately; a place to sit in a restaurant
 mall (Noun) : a large building or covered area that has many shops/stores, restaurants, etc. inside it.
